

2011 is International Year of the Forest

In 2011 we will be holding our Annual International Mosaic Exhibition in support of the "International Year of the Forest" We are starting this early to give you time to come up with some wonderful ideas for May 2011.

This theme is very open, obviously you have forests and trees but think also about the flora and fauna that depend on the forest. For those of you that like the alternative don't forget there may be fairies and other creatures in your forest.

If you would like to take part in this exhibition please email me via opusmosaic@btconnect.com
